

2004 ANTELOPE HUNTING SEASONS

Doe or fawn only: Only antelope without a black “cheek patch” or with horns less than 3 inches long may be taken during doe or fawn only antelope seasons.

Antelope archery tags may be purchased for use in any archery antelope hunt. Controlled hunt permits and tags issued for antelope controlled hunts may be used only in the hunt for which the permittee was drawn.

Any person who purchases an archery antelope tag who is subsequently drawn for a controlled hunt must return the unused archery tag to an IDFG office to exchange it for the controlled hunt tag at a cost of \$3.50.

Any person who receives a controlled hunt permit and tag for antelope is prohibited from hunting in any general season archery antelope hunt.

EVIDENCE OF SEX

See page 11.

Attention Antelope Archery Hunters!

Don't give your sport a black eye. Did you know that leaving blind material is considered littering? And, digging pits on federal land is a violation of federal law? For information on how to construct a legal blind, contact your local Bureau of Land Management office.
